To eat meat to live. Therefore, why not always have the best, why be satisfied with anything besides the best, when you can get the best? We are ready to supply you with the best quality of meat at reasonable prices. When we can't give you good meat, we don't want your trade. That's fair, isn't it?

Cut Prices by the only concern that ever  
voluntarily reduced prices, or  
in recent times originated a new idea in Windmill and  
Water Supply Goods. Everything the farmer sells is low.

Who sells low to him? We have repeatedly refused to join,  
and have therefore defeated many combinations, because, since  
'86, reduced the cost of wind power to what it was.

Through gratitude, and because we are price makers, and are  
safest to deal with, and because we are the sole originators  
of all that is good in the modern steel windmill and  
tower. THE WORLD HAS GIVEN US MORE THAN  
HALF ITS WINDMILL BUSINESS. We believe  
in low prices, high grades and large sales. We make short  
hand with long power stroke pumps, with best seamless  
brass tube cylinders, lower than iron ones—a 2½ x 6 inch at  
\$6.40. We prepare freight to 20 states here. Send now for  
beautifully illustrated catalogues of up-to-date ideas, as  
the uppers last one. Our imitators may not have  
printed our latest plans. No one knows the best  
Mill, Pump or Price until he knows ours.
